INDOOR DISPLAYS

In addition to the information provided above, include a written plan for how you intend to use the pyrotechnics as required by the New York State Penal Law 405.10.

That plan shall be submitted at least five days prior to the performance and include:

- Proof of federal ATF licenses if required (in addition to the state licenses and certificates already included in this application);
- Proof of experience of the pyrotechnician in charge;
- Proof of experience with the types of devices being used and a description of duties of any authorized assistants;
- Point of assembly of the pyrotechnic devices;
- Manner and place of storage of the pyrotechnic materials and devices;
- Safety Data Sheets for the pyrotechnic materials to be used;
- Certification that set, scenery and rigging materials are inherently flame retardant or have been treated to achieve flame retardancy;
- For indoor displays, attach a diagram of the area where the display will take place showing the location from where the fireworks will be discharged; the location of and distance to the audience; the location of sprinklers; and the fallout radius for each pyrotechnic device used;
- A copy of the approved permit and plan shall be kept on site and available for review; and
- Any significant change(s) to the plan shall be approved *prior* to the performance.

The undersigned represents and agrees as condition to the issuance of this permit that said structure shall be constructed in accordance with all laws, ordinances of the Town and the State of New York Uniform Fire and Safety Prevention and Energy Code of the State of New York, and all other applicable laws, codes, and regulations.
